TRAITS	GRADING SCALE				WEIGHT
	UNSATISFACTORY (1)	NEEDS IMPROVEMENT (2)	GOOD (3)	EXCEPTIONAL (4)	
DOCUMENTATION	There is no documentation.	The documentation is simply comments embedded in the code and does not help the reader understand the code.	The documentation consists of embedded comment and some simple header documentation that is somewhat useful in understanding the code.	The documentation is well written and clearly explains what the code is accomplishing and how.	20
READABILITY	The code is poorly organized and very difficult to read.	Appropriate spacing and indentation are observed in some parts of the program code, and/or most identifiers do not have descriptive names.	Appropriate spacing and indentation are observed in most parts of the program code, and most identifiers have descriptive names.	Appropriate spacing and indentation are strictly observed, and all identifiers have descriptive names.	20
EFFICIENCY	The code is huge and appears to be patched together.	The code is brute force and unnecessarily long.	The code is fairly efficient without sacrificing readability and understanding.	The code is extremely efficient without sacrificing readability and understanding.	30
CORRECTNESS	The program does not run.	The program works but may encounter run-time errors or incorrect output in some scenarios.	The program works but have minor issues in some specifications.	The program works and meets all of the specifications.	30
